Dear Jim, with a few minutes before leaving to get Lil and wanting something to read in case she is delayed, I picked up Pete Noyes' Legacy of Doubt. Boy did he pick the right title! I've skimmed the credits, preface and epilogue and I ask you, could Bud have read any of this, or Bob Smith, before they associated themselves in any way with Noyes? Credits oncluding to Intertel, an you know the others? And if he (sic) "clears" Edgar Eugene Bradley he "would be completely satisfied" with his book and this great labor? Say it isn't so! And the California Justice Department "unmasked" Laran Hall? Garrison didn't "make any mention" of Brading's presence in Dealey Plaza? (This is a new way of dezcribing over-attention and release of a [wrong] picture!) Man, I've got something to look forward to! This has to be the greatest. Since Farewell America, anyway. HW 12/7/73
